MASQUERADE PARTY HELD

KIRKPATRICK, 35—(Staff Cor-respondent).—The annual mas-querade of the Young People's Society was held in the form of a mas-querade ball on the evening of Wednesday, November 23, at the Hotel of Greater 31st in the Pres-terian Church hall, and a large crowd was present. The entire evening was full of fun for the children and adults. The Refreshment Stand was decorated with blue, white, pink and red streamers and lighted pumpkins, which for a time were the only lights used. This gave the whole surroundings a very spooky effect. About eight o'clock quite a number of the children and their parents came in, and were met by the girls in the lobby who blindfolded them, and were then taken to the refreshment stand where they were placed on a table and from there went on for an experience of a lifetime. This was a splendid arrangement which needed four men to operate. The girls were blindfolded and each had a card. The other two had a long red ribbon which was used to make a blindfold. ### CRASHED TRAIN IN DENSE FOG

TUESDAY night's heavy fog was responsible for an accident on the Little Britain road that might easily have been avoided. Donald McNeill, No. 21, of R. R. 1, Ottawa, was driving south on the Little Britain road when he crashed into a freight train at the crossing.

Mr. McNeill, in company with E. Reed, of Beakley, Clayton Smith, son of Beakley, and Greenville Reed, of Lindsay, had been attending a dance and was driving Mr. Reed home. It is alleged that he failed to see the train until it was too late to stop.

## Cathedral Players Lose Twelve - Six

Both Teams Very Evenly Matched — Score Might Have Been 7-6 on Day's Play.

Though battered and bedragged, St. Michael's College youngsters and veteran another round in the gruelling, inconclusive play-off of the O.R.F.U. by outlasting Hamilton Cathedral, and winning a 12 to 6 victory over the Mounts City students at Varsity Stadium, in June. The team had a 7-6 lead at the end of the first half, and so close was yesterday's struggle, that extra periods seemed likely.

On the play the score for the day might have been 7 to 6, for it was only a scoreless on an extra period in the first half, and the margin of narrow victory.

St. Michael's played an important part in the battle, collapse by both youngsters on both formations, but the first on the team and then the other, and all had parts that led directly to scoring.

As far as Cathedral's play was concerned, St. Michael's had a considerable lead, but in the first period especially, they remained their better because of the St. Michael's and apparently forgot that there was such a thing as a single point in the Canadian game. On at least five occasions in the initial period, there were just one or two points, but on each occasion they elected to pass for major work with the score tied and none of their team picked. On one have they looked the back Cathedral's goal line, but the backs looked it.

Cathedral Strong Defensively

St. Michael's was a very strong team, but they were not as strong as they seemed, but they lacked sufficient power on the attack to make the winning play. In the last half of the game, Layton, their leader, produced some points, but the backs looked it.

**Highways for Tourist Trade**

CANADA'S tourist trade is a continually increasing factor in the list of Canada's resources. Tourists entering Canada from the United States in automobiles contribute to the Dominion's wealth more than \$125,000,000 a year — sum greater than the total production of all Canada's four mills.

The building of good roads through Canada's scenic wonderlands is the first essential to attract motoring tourists. Canadian government officials, Canadian engineers and Canadian workmen have provided the forefront, the technical skill and the strong and ready arms to build good roads — to attract additional spending power from which all Canada benefits.

"Canada's Bigger Cook" now entering his twenty-second year of service in the development of Canada's resources, has been responsible for the care of the men at work on the highways. Working strengthening, satisfying food, providing modern, comfortable camps for the workers and relieving executives of commissariat details, Crowley and McCracken have played a vital part in suggesting national and provincial revenue. "Canada's Bigger Cook" is proud to be the valuable tourist trade — through Good Highways.

**AT HOME**  
FRIDAY  
EVENING, NOV. 30TH.

**MIDNIGHT BLUE**

This shade has recently been introduced by the C. N. H. Veterans of which it is the only "new" in the line. It is claimed by experts to be the only shade which is left back under the electric light.

Made to your individual measure, with accessories ready for your selection.
